

Create Innovate Inspire

2014 - 2024: 10th Anniversary Edition

In case we haven't crossed paths before, let us introduce ourselves. We're Lyfthaus, a talented British born and raised platform lift company near Cambridge who design and manufacture beautiful bespoke disabled access platform lifts. We have an inspiring website and a team of friendly experts to help you create the perfect platform lift for your project and property style.

Everything we do is intended to help make your life a little easier and to spark your creative thinking when considering stunning architectural platform lift design. Contemporary or heritage, big statements or discreet details. We are here to make your platform lift concept a vertical transport reality. Beautiful spaces made beautifully accessible by Lyfthaus.

Let's Get Creative! Please take a look at our literature for a different approach to platform lift design or visit [www.lyfthaus.com](http://www.lyfthaus.com) for inspirational platform lift design freedom and innovation.

**Beautiful  
spaces made  
beautifully  
accessible**

Lyfthaus have a well proven team of experienced and innovative design engineers and creative thinkers who deal solely with the stylish and refined tastes of architectural clients. Placing their clients' needs at the heart of every design, the Lyfthaus objective is to exceed clients' expectations, delighting them by providing an individual and unique service that delivers an uncompromisingly high standard of design, fit and finish to every project.

Lyfthaus designs are never about us. Our clients are our focus. Our designers are not only passionate, skilled and experienced, but are excellent listeners and communicators. We take the time to thoroughly understand our clients and what they want from each individual platform lift project. Only then do we start to think about the design itself.

We are the lift industry's foremost creative designers providing architects with an unparalleled freedom of choice and the source of the very best architecturally inspired platform lift design solutions. The Lyfthaus team develop trusted relationships that see clients returning time after time, year after year.

We combine stimulating new trends and finishes with a client's key requirements to guarantee a design that is exclusive, reflecting their own property style and requirements.

Lyfthaus offers expert knowledge and advice, using tailor made designs, hand-crafted studio based manufacturing methods and luxury finishes enabling clients to realise the full potential of their new bespoke platform lift.

Premium Bespoke Platform Lifts

The Lyfthaus Technology Centre near Cambridge

Creativity is seeing what others see and thinking what no one else ever thought

A. Einstein

Bold and beautiful. This incredible design certainly makes a statement in the grand entrance of this refurbished hotel. It's the stunning centrepiece that greets every guest. This platform lift is a design game changer that's been inspired by art deco passenger lifts of the 1920's and 1930's. We have used a laser cut fretwork finished in a bronze metallic PPC, the interlocks are hidden in the header bars

# Hidden in plain sight

Love design, let's talk: 01440 731111

A superb platform lift with a rather special gate at the upper landing installed at the prestigious Grosvenor Gardens. 1:1 size ratio resin moulds were taken from the original wrought iron balustrade. We replicated this in aluminium to provide a perfect copy. This lift (supported over the lightwell) transports passengers from street level to entrance level

# A devilish dash of theatre

A “devilish dash of theatre” is an unusual remit for a platform lift design but this cocktail bar in central Newcastle is all about drama! The platform lift had to complement the interior styling of the bar perfectly with the use of identical materials

Love architecture, let's talk: 01440 731111

This pair of bespoke heritage lifts has been designed to complement the interior of this architectural A-listed building perfectly with the clever use of bronze metallic PPC finishes with real bronze capping. The balustrade matches the design used elsewhere within the property and the stone flooring follows seamlessly into the platform. This grade 1 listed building is now fully accessible yet doesn't distract or draw attention from the splendour of the adjacent architecture. These lifts were designed in close consultation with the project team

Create with the  
heart; build with  
the mind

C. Jami

Designed in close liaison with a local architect this lift features frameless glass with metallic bronze steelwork and matching timber flooring. The outer gates have been clad with timber veneers to complement adjacent materials

Situated in one of London's most exclusive addresses this Autograph TB2000 features a custom metallic champagne finish to complement the exterior of the property

Love lifts, let's talk: 01440 731111

You can't use up  
creativity. The more  
you use, the more  
you have

M. Angelou

This gem of a bespoke platform lift uses forged balustrades cast from a 16th century gate found within the castle grounds. Castellations along the top edge and spearheads along the bottom, York stone sets and custom downlighters are included in this truly unique tailor-made example. When raised the lift mechanism is shielded by a concertina screen

Situated in the heart of London's Square Mile this Heritage platform lift has spearhead finials and railings replicated from existing street side balustrades to ensure that the lift is as discreet as possible. The platform is finished with matching York stone and the rear barriers and upper gate are in frameless glass. The platform has sheet steel apron scissor protection and bi-parting gates

Love lifts, let's talk: 01440 731111

Love interior design, let's talk: 01440 731111

This bespoke design captures the character of this 266 year old former Police Station, Jail and Court House beautifully. Now a stunning five star hotel in London's Covent Garden, this lift can be found in the entrance lobby and is intended to provide a glamorous reminder of the buildings infamous residents which include the Kray Twins, Dr Crippen and General Pinochet

The lift reflects this heritage perfectly with chemically blackened steel with a bronze lacquer, leaded glass and granite slabs to the platform. The lift is used for disabled access and luggage transportation

# Discreet

Love architecture, let's talk: 01440 731111

*Lyfthaus*

Our Connex model bridges height differences of up to 500mm. It is super discreet and can be clad in your choice of materials. The optional pop-up stop prevents accidental roll back for wheelchair users. Connex is designed for attended operation

*Lyfthaus*

Like all pioneers, the Lyfthaus founders' approach to platform lift design had to be unique. To be different. They wanted Lyfthaus to stand out by standing for something different and for many years the company has done just that. Year after year, new platform lifts and refreshed designs have been introduced, each as impressive as the last, keeping pace with continually evolving architectural trends. As time has progressed a company style has emerged and now The Collection created by Lyfthaus of Cambridge is internationally recognised as the open aspect platform lift industry's leader in stylish bespoke design, technical innovation and bespoke adaptability.
